

THE CATHOLIC UNION
of Great Britain

BECOME A MEMBER

There are at present members throughout England, Scotland and Wales, including experts in many disciplines who enable the Union to be increasingly relevant and effective in promoting the Catholic viewpoint.

The many organizations that oppose Catholic teaching are powerful, well financed, and have considerable influence.

As Edmund Burke, the 18th century Catholic MP, remarked:

“All that is necessary for the triumph of evil is for good men to do nothing”.

To become more effective we need the support of the Catholic Community.

Our members are regularly informed of the Union’s activities. An annual **Summer Gathering** is held at places of historical interest to Catholics and which affords an opportunity for members to meet each other socially. **The AGM** is held in London in November. There are **lectures** and **conferences** which debate issues of current concern.

If our Catholic values are not to be allowed to disappear by default it is essential to ensure that our views continue to be heard by those in Government.

A strong membership provides our spokesmen with credibility when they speak as representatives of an informed and influential Catholic laity. It is only with prayer and the moral and financial support of our members that the Catholic Union can provide the effective research and administration to meet this urgent need.
